MODERN PUBLIC SCHOOL
SHALIMAR BAGH, DELHI-110088

Cir. No. : MPS/PC/161/2016

Dated : 19.07.2016

Dear Parent (s)

Safety of students is of prime importance to us at within the school premises and at the time the child arrives in /disperses from the school.

You have opted for private van as a mode of transportation for your ward. I am constrained to inform you that it has been noticed time and again and I have also personally seen the unsafe manner in which the van drivers drop the students at points not only far away from the school but also across the main road. They do not even stop to help children to cross the road. I was shocked to see a small child run across a busy road this morning. Besides this the private vans are generally overcrowded. Private van owners ferry more students than the permissible number for monetary benefits.

This arrangement may seem to have two advantages from your point of view. Firstly, it provides a door to door pick up facility for your child, and secondly it may be a little economical. But I am sure, you as an enlightened parent, would like to give 'safety' the top priority.

It is advised that you ensure the safety of your ward in the van or switch over to the school bus in areas where this facility is available.

You are also informed that the school will not be held responsible for any mishap that may occur while commuting by private vans.

(Alka Kapur)
